**Subject:** Request for Approval and Endorsement for Student Participation in the DRR YIELDS Proposal Development and Pitching Workshop

**Greetings of Peace and Solidarity!**

Following the successful conduct of the three-day *Youth Innovation Camp* last June—where youth organizations and student groups developed their initial Expressions of Interest (EOIs) to address key issues in their schools and communities—we are pleased to inform you that the **DRR YIELDS Project** will be conducting a **Proposal Development and Pitching Workshop** this September.

This two-day workshop aims to support selected youth teams in transforming their EOIs into comprehensive, fundable project proposals. These proposals will focus on innovation, sustainability, and disaster risk reduction and resilience. Furthermore, the workshop is highly aligned with their academic tracks in science and related fields, providing practical application of their knowledge and helping to strengthen their research, collaboration, and communication skills.

**Workshop Details:**

- **Date:** September 26-27, 2025
- **Venue:** Function Hall, Balay Padi, Dona Lucia, Mondragon, Northern Samar
- **Participants:** Four (4) student representatives from each youth organization or Innovating Team, preferably those who are actively involved in developing the proposed project ideas.
